

# DVRPTR16

16 Port Video Surge Protection Panel  
Fits Standard 19" rack cabinet

### Description

16 Channel rack mounted surge protection panel.

The DVRPTR16 is designed to provide 16 channels of multistage surge protection. It is cost-effective and ideally suited for protecting multi-input video devices such as a DVR, multiplexer or matrix system. The DVRPTR16 is rack mountable in a standard 19" rack. It installs in minutes and provides a single easy access point for grounding. It uses 2.8 volt solid state clamping for unmatched protection.

### Features

- Provides 16 channels of surge protection
- Multi-stage protection clamps to 2.8 volts
- Fits standard 19" rack cabinets
- Easy to install
